

CS 10

skilled and handy

WEZAG

Features

Precise application

Crimping of wire and insulation in one step

Compact design

Can perfectly be used in hard-to-reach areas

Closed frame

Optimally prevents spring deflection

Locator system

Depending on tool version available

WDT compatible

With appropriate adapters, matrices can also be used as a machine-based processing solution

Ergonomics

Soft handles ergonomically designed with slip protection

Releasable ratchet

Ensures the complete crimp process

Quality

Completely made of high-tempered special steel, specific stressed parts are specially heat treated

Long-life cycle

High-precision manufacture, the tool is optimally adjusted at the factory and requires no further adjustment of the crimp force

Your strong trademark

Special tools are only available as white label products. No additional competition from us as manufacturer brand!

Handle colours individualizable

Choose the right colour from our standard range of colours

Individual marking

With your logo and further information such as article number and description
